

INDUSTRY 4.0/TURKEY BROKERAGE EVENT

Dear Sir/Madam,

We have the pleasure to invite you to an international brokerage event within the framework of “UMTIK-2016, 17th International Conference on Machine Design and Production” will be organised on 15th July, 2016 in Bursa/Turkey.

This conference will provide an excellent opportunity to bring together both academia and industry actors in order to disseminate, share and advance their knowledge and expertise.

The main focus of the event will be the upcoming Horizon 2020 Factories of Future Calls 2017, Horizon 2020 call on Pilot Lines for 3D printed and/or injection moulded polymeric or ceramic microfluidic MEMS and, the call IoT-03-2017. Developing competitive project proposals as well as building strong consortiums for these proposals are the main targets of the event.

Participants also encouraged to find partners to generate and forward their project ideas to EUREKA/Eurostars and Fast Track to Innovation calls.

A registration should be made from the website www.b2match.eu/industry40turkey to participate the event. Forming a cooperation profile from the same website is a must to attend the bilateral meetings.

Within the scope of national grant, we are be able to cover the flight costs (i.e. flight tickets will be purchased by our university) of the selected participants coming from universities and research institutes. In order to benefit this grant, participants must fill the [presentation template](#) regarding their project ideas and send it to e.guzel@ulutek.com.tr. Deadline for sending the presentations is 30th of June 2016.

Beneficiaries for the grant will be selected by a comittee jointly formed by TUBITAK and Uludag University
